Foster and certified kinship parents will be reimbursed up to \$200 on clothing per child, aged 0-8 without prior approval of their foster care worker with the proper receipts/documentation. Foster/certified kinship parents will be reimbursed up to \$300 on clothing/footwear/outer wear per child aged 8-18 without prior approval of their foster care worker.

If circumstances dictate, foster/certified kinship parents may be reimbursed above and beyond the amount listed above. These requests will be managed on an individual basis and must first be requested through the foster/kin worker and approved. The additional amount(s) shall not exceed \$500 per child, per year.

If a child's clothing needs in one year exceed this amount, the foster/certified kinship parent can discuss with their foster/kin caseworker and the foster/kin caseworker can then get approval from the foster care supervisor.

Receipts should be submitted to your Foster or Kinship Care caseworker within 60 days of purchase.
